

COMPANY PROFILE

Your Trusted Partner in Building Materials & Heavy Equipment Hire

WHO WE ARE

Polo Group Limited is a Tanzanian company serving the construction and infrastructure sector through two complementary lines of business: the supply of quality building materials and the hire of heavy construction equipment. Incorporated in 2026 under the Companies Act, 2002 and registered with the Business Registrations and Licensing Agency (BRELA) and the Tanzania Revenue Authority (TRA), the company is built to be a dependable, single-source partner for contractors, developers, and project owners.

Based in Dodoma, the nation's capital, Polo Group is strategically placed to support construction, civil works, and development projects across the region and beyond. Our equipment and team are already active on the ground, engaged in road construction and earthworks, including grading, compaction, and material haulage.

Though we are a young company, we are driven by experienced professionals, a capable, well-maintained fleet, and a clear commitment to quality, reliability, and customer satisfaction. Our customer-first approach is designed to build the kind of trust that turns first-time clients into long-term partners.

Our equipment and team at work on an active road construction and earthworks site.

OUR MISSION

“To deliver high-quality building materials and well-maintained heavy equipment, backed by reliable, customer-focused service so that construction and infrastructure projects across Tanzania are completed safely, efficiently, and on time.”

OUR VISION

“To become one of Tanzania’s most trusted and dependable providers of construction materials and plant-hire services recognized for quality, integrity, and reliability.”

OUR CORE VALUES

Integrity We are honest, ethical, and accountable in our dealings with clients, suppliers, and one another.

Reliability We deliver what we promise, when we promise it. A dependable supply is the heart of our business.

Customer Focus We put the client first, listening carefully and tailoring our service to each project.

Safety We operate and maintain our equipment with safety as a non-negotiable priority on every site.

Quality We supply materials and equipment that meet the standards our clients’ projects demand.

Professionalism We work in an organized, disciplined manner and to clear standards on every job.

OUR PRODUCTS & SERVICES

Polo Group Limited offers an integrated range of products and services across two core divisions, giving clients a single, dependable partner for both supply and plant hire.

1. Building Materials Supply

We supply quality construction aggregates and building materials in the grades and quantities your project requires, sourced reliably and delivered to the site on schedule.

- **Aggregate:** quality stone aggregate for concrete, foundations, and road works.
- **River sand:** clean, graded sand suitable for concrete, masonry, and plastering.
- **Rubble & hardcore:** available in all grades for filling, sub-base, and groundworks.
- **Reinforcement steel (rebar):** reinforcement bars in a range of sizes for structural works.
- **Timber and Hardware Items**
- **All Red Soil Type G3, G7, G15**

Delivering and placing material on site with our tipper fleet.

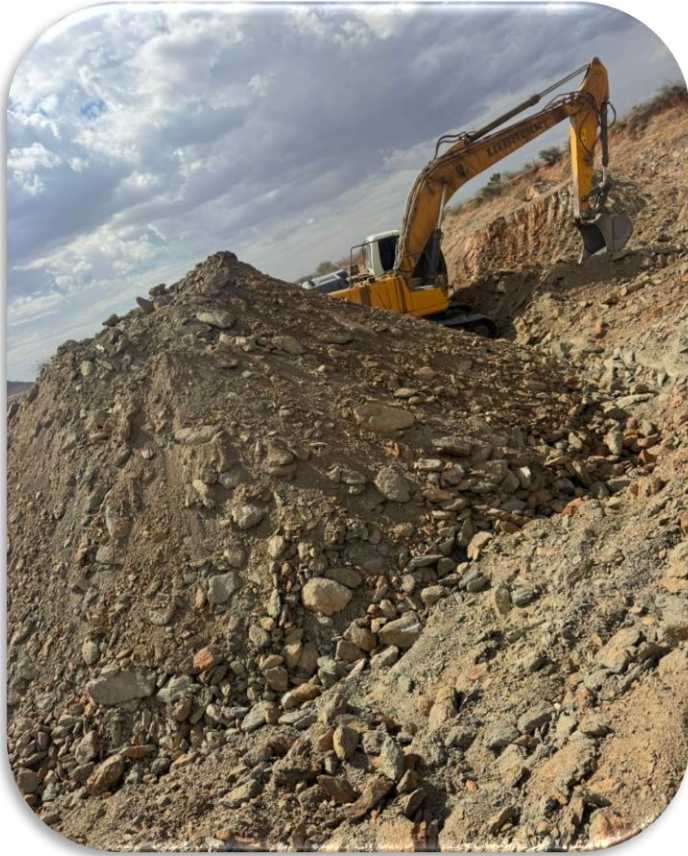

2. Heavy Equipment & Machinery Hire

We provide a capable fleet of vehicles and heavy plant for hire — well-maintained and ready to support lifting, earthworks, grading, compaction, and haulage on projects of all sizes.

- **Light vehicles:** for site transport, supervision, and logistics support.
- **Heavy-duty tipper trucks:** for moving and delivering materials, fill, and spoil.
- **Mobile cranes:** 15-tonne, 25-tonne, and 50-tonne cranes for a wide range of lifting needs.
- **Motor graders:** for shaping, levelling, and finishing road formations and surfaces.
- **Excavators:** for excavation, trenching, loading, and earthmoving.
- **Wheel rollers:** for compaction of soil, sub-base, and road surfaces.
- **Additional heavy equipment:** a broad range of heavy plants available to suit project requirements.

Our motor graders are in operation, available for hire and deployed on active work.

OUR WORK IN ACTION

The photographs below show Polo Group Limited's equipment and team engaged in active road construction and earthworks from grading and compaction of the road formation to the delivery and placing of material on site, all under close supervision by our staff.

Motor grader shaping the road formation.

Offloading and placing material on site.

A graded road surface was completed by our team.

OUR PEOPLE & CAPACITY

Our people are at the center of how we deliver. Polo Group Limited is powered by a dedicated team of 20 professionals including equipment operators, drivers, technicians, logistics coordinators, and management staff who bring the practical, hands-on experience needed to operate and maintain heavy machinery safely and to keep materials moving to site reliably.

We invest in maintaining our fleet and in supporting and developing our team, so that every client receives consistent, professional service from the first enquiry through to delivery on site. For us, it is not only about completing the job, but about the value we create for our clients in helping their projects succeed.

Our site team supervising works in progress.

HEALTH, SAFETY & ENVIRONMENT

Polo Group Limited places the health and safety of its people, clients, and the public at the centre of how it works. Our site teams wear appropriate personal protective equipment (PPE), works are carried out under supervision, and our equipment is operated and maintained by trained personnel.

We are committed to working in line with Tanzania's occupational health and safety requirements, and to continually improving our safety practices as the company grows. We also recognise our responsibility to operate in an environmentally responsible manner — taking care to minimise the impact of our activities on the communities and surroundings in which we work.

Through careful planning, trained operators, and well-maintained plant, we aim to prevent harm to people and property and to maintain a healthy, productive working environment on every site.

Safety first, our team is on site in full personal protective equipment.

SECTORS WE SERVE

Polo Group Limited supplies materials and equipment to a broad range of clients across Tanzania's construction and infrastructure economy, including:

▪ Road construction & infrastructure	▪ Civil works & earthworks contractors
▪ Building & real estate developers	▪ General building contractors
▪ Government & public-sector works	▪ Mining & industrial support
▪ Quarrying & aggregate supply	▪ Individual builders & project owners
